

## What is Good Sports?

Good Sports, run by the Australian Drug Foundation, is a program that works directly with sporting clubs to encourage healthy environments within the clubs and the community.

Good Sports clubs are a valuable asset to their community. We work with our accredited clubs to ensure long-term success. Our program gives Good Sports clubs a winning platform for:

- Recruiting new members
- Making your club more visible
- Increased revenue streams
- A more sustainable business model
- Healthier and more engaged members
- Greater respect in the community

Being a Good Sports club tells your community that you are a family friendly club that takes your role seriously.

## Levels of Accreditation
