20. Board Policies

20.1 Policies

20.1.1 The Board may from time to time as circumstances dictate, formulate, interpret, adopt, make, alter and amend Policies for the proper advancement, management and administration of Bowls Australia, the advancement of the Objects and bowls as it thinks necessary or desirable. Policies must (as far as practicable) be in conformity with the rules and regulations of WBL and must be consistent with this Constitution. Policies are binding on all Members.

20.1.2 The CEO shall bring to the notice of the Board and Members all Policies and any formulation, interpretation, amendment, alteration and repeal of them. Member States are obliged to draw such notices to the attention of Members in their States. Notices are binding upon all Members.

20.1.3 All Policies and regulations of the Company in force at the date of the approval of this Constitution insofar as such policies and regulations are not inconsistent with, or have been replaced by this Constitution, shall continue in force under this Constitution.

1. APPLICATION

- 1.1. This Bowls Australia (BA) Policy is binding on all members, employees, players, coaches, officials, spectators, visitors and contractors of BA and host clubs at events where BA is the Controlling Body.
- 1.2. Accordingly, the following Policy has been developed by BA to enable members, employees, players, coaches, officials, spectators, visitors and contractors of BA and host clubs to participate in the game of bowls in a smoke-free and alcohol responsible environment.
- 1.3. This policy may be adopted by State and Territory Associations (STAs) and by clubs and by districts/zones/region associations.

2. PHILOSOPHY

- 2.1. BA is the peak body responsible for the sport of Bowls in Australia and recognises the importance of health and fitness and reducing the exposure of members to potentially harmful situations.

BA recognises that exposure of non-smokers to environmental tobacco smoke is hazardous to health and that non-smokers should be protected from this.

Legislation and duty of care requirements stipulate the need for a smoke-free environment. Under common law BA as the Controlling Body and the host club have a duty to ensure that members, employees, players, coaches, officials, spectators, visitors and contractors are not exposed to potentially harmful situations. Federal, State and Local Government Legislation requires workplaces to be compliant and to minimise risk to the health of any person.

BA also recognises that outdoor smoke-free areas help to reduce cigarette-butt litter and provide a substantial cost saving through reduced clean-up costs and reduced fire risk.

- 2.2. BA also recognises its role in promoting and leading best practice in serving management of alcohol. BA is aware that excessive consumption of alcohol or interaction of alcohol with prescription medication or use of recreational drugs may influence a person's cognitive ability and put them at risk of harm.

BA expects that licensed venues will abide by all licensing laws and regulations, bearing in mind their duty of care to all patrons and the community.

3. INTERPRETATION

- 3.1. Unless the context otherwise requires, the terms "Controlling Body", "the green" and "the bank" shall have the same meaning as in the Laws of the Sport of Bowls Crystal Mark 3rd Edition, Version 3.1, April 2019.
- 3.2. For avoidance of any doubt, electronic cigarettes (E-Cigarettes/vaporisers/vaping) are considered a form of tobacco smoke and are included under this Policy.
