Format

The BPL Cup brings the format of the highly successful Bowls Premier League directly to grassroots clubs in the form of a nationwide pathway competition. The competition progresses from Preliminary Rounds to Regional Finals and State/Territory Finals, and culminates with the National Final, this year to be staged during the Bowls Premier League at Club Pine Rivers from 10 – 14 November 2024. In 2023, there were 954 registered teams (some 3,100 players) who competed across the nation over 122 preliminary rounds between February and August.

Matches will again be played in a two bowl triples format. Matches consist of two sets of five ends with a one end tie-breaker if required. There is also to be one optional trial end per match.

To ensure quick play, there are no jack rolls, instead jacks are to be placed by the team that controls the mat. Ideally, there will be two jacks for each rink (one jack left at each end).

The BPL Cup is an open gender competition, therefore teams can consist of all genders. All players within a team must be from the same club which is affiliated to your State and/or

Territory Association (i.e. the club which players are a paid member and play their club championships with.

All host venues will be sent the Conditions of Play document upon registering to run an event and they can also be accessed through the Bowls Australia website [here](#).

This is a once-in-a-lifetime opportunity for many bowlers, with the final match at the National Finals showcasing all the elements of a BPL match including the use of the electronic scoreboard, ground announcer, and use of the TV show-rink inside the grandstands.

The respective host venues will be required to allocate an umpire for each round of the BPL Cup. If a host venue is unable to provide an umpire, the host club must approach another

Club/Association within the region to try and appoint an umpire. If the region is unable to provide an umpire, the club must contact their Club Support Manager's for assistance.
